

Amelia Louise Bowman

May 16, 2017 - February 10, 2026

Amelia was an 8 year old Domestic Shorthair, whose favorite toy was a Worm Wand Toy and her favorite treats were anything chicken flavored. One of Amelia's favorite things to do was drink water from the bathroom sink. She would bang on the door until I opened it and turned the sink on. A favorite memory of Amelia was anytime she would get the zoomies and chase her own tail. Another one would be when she broke into a box of pizza and left one single banana pepper on the floor. I had a lot of nicknames for her. I think I called her Chicken more than her actual name. She was the sweetest cat in the whole world.

Rest In Peace Amelia
