

## Bean Ross

April 18, 2025

Bean was a 3.5 year old Syrian hamster. His favorite toys were chews, wheel, and his hide. Bean's favorite treats were yogurt drops and wild harvest glazed donuts. He always LOVED to free roam, plus he loved to put a piece of food on his wheel and run with it. My favorite memory was one time when free roaming he got behind my bed and wouldn't come out, so I had to pull my bed out to retrieve him. He reminded me of Jerry, from Tom and Jerry, for all the stuff he would pull but was always lovable after.

Rest In Peace Bean
