

Bella McDermott

January 8, 2025

Bella was a 13-year-old Great Dane, who loved and lived with all her heart. When we initially brought her home, we were only going to foster, but those big, beautiful, soulful eyes had other plans. Within a week she owned us all and had no problem telling us. She loved playing with her squeaky pig with her Papaw in the yard, and squeaking it until she broke the squeaker, knowing that they always had a spare. She loved all food, but especially bacon, which her and Mamaw always shared. She loved car rides, her McDonald's drive-thru trips, to cuddle, and to be treated like the princess she was. Although we didn't get to experience her puppyhood, we tried our best to give her the life we thought she deserved. She'd wrestle with dad, cuddle with mom, and never let us forget who ran the house. She gave us 9 long years but took so much when she left us. She came in guarded and quiet, and left us all with a hole that can never be filled. Until we meet again, big girl, we will love you always.

Mom, Dad, Mamaw, and Papaw.

Rest In Peace Bella
