

Emma Louise Fugitt

December 1, 2012 - May 24, 2025

Emma Louise Fugitt, lovingly known as Emmy Lou, crossed the rainbow bridge in May 2025. Born in December 2012, Emma spent over 13 years being the heart of the Fugitt family and will forever be remembered as the bestest girl anyone could ask for. Emma was the beloved fur daughter of her mommy, Kelli Fugitt, and her daddy, Greg Fugitt. She found so much joy in the simple things—especially sitting on the porch with her parents, watching the people pass by and soaking in the quiet moments of togetherness.

Her favorite toys were her beloved “stuffys” (stuffed animals), which she carried around with pride and care. Emma shared her big, loving heart with her brothers Blayne and Gregory, and her sisters Keisha and Latana. She held a special place for each of them, but it was her bond with her mommy, Kelli, that was truly unmatched—an unspoken connection built on years of love and loyalty. Emma’s days were always brighter when her favorite granddaughter, Laney Jo, came to visit. The two shared sweet, playful moments full of laughter, hugs, and “lovins”—a bond that brought joy to them both. Emmy Lou was not just a pet—she was family, protector, and best friend. Her soulful eyes, gentle presence, and endless devotion made every day a little warmer, a little softer, and a whole lot more full of love.

Though she has left this world, her paw prints remain forever in our hearts.

Run free, sweet Emmy Lou.

You are missed so, so badly, and you will be loved always.

Rest In Peace Emma Louise
