

Frank Browning

January 8, 2025

Franklin Roosevelt "Frank" Browning

January 27, 2013 - January 8, 2025

Age: 12

Breed: Mixed

Favorite toy: Frank loved balls, but he would constantly roll them under the furniture and bark at us until we got it for him.

Favorite treat: Frank was never a food motivated dog, but he loved when we saved leftover steak for him.

Favorite thing to do: Frank's number one favorite thing to do was go for a walk. We walked thousands and thousands of miles together over the 12 wonderful years that he was with us. He always got to choose which direction we went, and we walked in all kinds of weather EXCEPT rain - Frank hated the rain.

Favorite memory: Frank liked other dogs but he REALLY liked people. We used to take him to the dog park and he would go around greeting all the other dogs' people, one by one. Whenever we had company, he thought they were there to visit HIM. If we had overnight guests, he would sleep in bed with them if they allowed it. Frank LOVED friends.

Rest In Peace Frank

“ I loved sleeping with Frank the couple of times I dog sat. Total Velcro dog 😊

“ I have so many fond memories of Frank that it's hard to pick just one, but some of my favorite memories are from when he was a wee tiny puppy. Zach and Kristy lived next door and would come over to do laundry, and sometimes Frank would accompany them and ride in the laundry basket. 🐾 I remember buying him a little shark hoodie and he looked soooo cute in it that I almost 🐼. After Justin and I moved to Nashville, I always loved having Frank sneak into bed with us whenever we came back to visit. He was such a good cuddler! Frank was one of a kind, and I'm so thankful that he was a part of our family for 12 wonderful years. ❤️
