

## Frankie Carrico

April 16, 2026

Frankie was a 18 month old Yorki-Poo, who's favorite toy was his Duckie that squeaked and favorite treat was Milk Bone Mini's. Some of Frankie's favorite things to do were having the zoomies and tearing up his dog bed. A few favorite memories of Frankie were, him jumping up beside us and moving our arms when he wanted lovings, him always waking up looking like a porcupine, and lastly his expressive eyes which would tell you everything.

Rest In Peace Frankie
