

## Gizmo Peare

February 10, 2026

Pet's name: Gizmo

Age: 9 years 4 months

Breed / type - Male Shih Tzu

Favorite toy: Plush elephant, "Ellie" - he would lay on his back and have part of Ellie in his mouth and we would call him an "otter" - so cute. Also liked a big plush pickle.

Favorite treat: Yak cheese and mostly any treats

Favorite thing to do: Lay on his back and get "belly rubs." Looking out front window watching anything going by - vehicles, animals, etc. Loved when a vehicle would come up the driveway and we would get company - he would wiggle his fluffy tail so hard and get so excited - a little "wiggle butt." In summer, loved sitting in a chair on back deck while I was enjoying time in the pool.

Dogs are so smart - I had a total knee replacement last year and Gizmo rarely got in bed with us except for thunderstorms - he hated the thunder. When I had my surgery, he laid in bed every night with me - right next to my leg! He knew I was hurting.

He was a beautiful, loving dog. Miss him every day.

Rest In Peace Gizmo
