

Hazel Johnson

October 19, 2025

Hazel was a 6 month old Black Bear Strain Hamster. Her favorite toy was her niteangle wheel, that she loved running on during the evening and night time. Hazel's favorite treats were strawberries and grapes, she loved them and loved sticking them in her cheeks. Some favorite things that Hazel loved to do was to climb and run on her wheel. A favorite memory of Hazel was feeding her snacks and watching her stuff her cheeks, holding and cuddling her, and watching her climb was the funniest thing ever.

Rest In Peace Hazel
