

Lady Collins

April 9, 2025

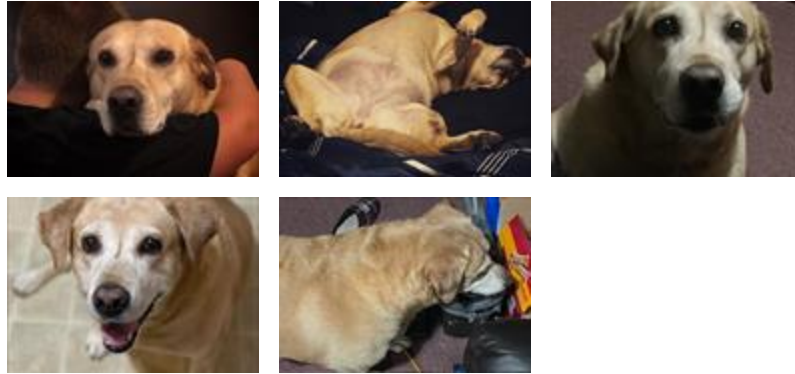

Lady was a 13 year old Labrador Retriever. In the summer of 2012 a young labrador was roaming the neighborhood when she came on a young boy playing out in his yard. It was at that exact moment that she decided she was going to adopt this young boy and love and protect him forever. From that moment on they were inseparable and the little boy decided he would call her Lady. Because she loved her boy so much, we were all adopted and loved by her and LOVE IS ALL SHE KNEW. She was lovingly called the "walking heart" because that's what she was. We were all the luckiest people in the world to be chosen and loved by her. Lady's favorite treat was Milkbones, "Twisty's", and Freeze Dried Rabbit Ears. Her favorite thing to do was to guard and protect her boy Brayden, her mom, and her Dale-Dale, at all costs, and to give them all the lab loves she had to give. Then she had to be rewarded with a treat because she knew how valuable those lab loves were. A favorite memory of Lady was her absolute dedication to love and loyalty. Her motivation and love of all things food related. And her love and protective nature of "her boy" Brayden.

Lady was the best girl, and she definitely gave the best Lab hugs ever! My life is better for having her in it, and I am going to miss her every day from now on.
