

Lily

October 15, 2014 - October 23, 2024

Lily was a 10 year old German Shepherd. She joined our family at 5 weeks old. The day she came home she stole our hearts. I chose Lily because she was the chunkiest, fluffiest puppy of them all. Lily's favorite treat was milk bones and pig ears. Her favorite toys were her pink bone and her warthog. She would take all her friends to her dog bowls so they could eat and drink with her. Lily's favorite thing to do was spend time with her family, being cuddled. She loved to play fetch and sneak away to the creek. She also loved belly rubs. Our favorite memories of Lily are when she got out when they were doing road construction by the house, she took off after the workers and they all jumped in the back of their trucks in fear.. and she'd never hurt a soul. Also when mom would leave for work she'd watch out the window and when she was gone Lily would jump up on the furniture and lay . She never had anything but unconditional love. Lily will be missed but forever in our hearts.

WE LOVE YOU SO MUCH !
