

Lola McCallister

November 25, 2024

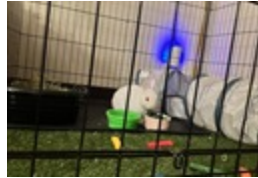

Lola “Lola Bunn” McCallister was a 2 Year Old Dwarf Rabbit. Her favorite toy was her chewing blocks and Tunnel. Lola's favorite treat was Bananas, Apples, And Blueberries. Her favorite thing to do was running in her tunnel, watching cartoons with my child Andre and I, watching “judging” me eat chicken wings, nose scratches, and snuggling with Andre. Lola's favorite memory would be all of them but the first time she stole my heart and brightened my day was when I went to a pet store in Ceredo, WV, to apply just for a job with no intentions of getting any animals. I saw her and I had to have her in my life and we connected. Not only was she my emotional support animal but she was like my child. I’ve lost pets and even relatives in the past but losing her has been the worst pain I ever felt so far I’m completely heartbroken, lost and empty without her. I felt alone before but I feel even more alone now I miss her and I love her. Now all I’m left with is pictures, clippings of her fur, nose and paw prints, her ashes, beautiful memories and one bad one but I’m glad I was able to be there to comfort her during the moment she was passing so she wasn’t all alone... She is loved, missed and I’m grateful that she was in my life ☐

Rest In Peace Lola
