

Sassy Noble

January 29, 2026

Sassy was a 18 year old Mini Poodle-Bichon, or a Poochan. Her favorite toy was flavored teething bones and her favorite treat was peanut butter bites. Some of Sassy's favorite things to do were laying in the sun, being with family, loved to be the center of attention (which she was). She was a Diva and spoiled beyond compare. Every memory was a favorite, she was the best companion and never failed to spike a dreary day. Anyone who knew her, always loved her.

Rest In Peace Sassy
