Scrappy Atkins

15.5 year old, 10 pound Shorkie

July 16, 2009 - December 27, 2024

We welcomed Scrappy doodle doo into our family when he was a little over a year old. He was already perfect, and had so much love to give. He loved snacking on waffles, treats, and stealing his kitty siblings food every chance he could. He loved his toys and although rarely played with them; he didn't want anyone else to either. Pastime favorites was wrestling with his furry brother and sister. His other favorite things to do was sit on laps, cuddle, and sleep in the big comfy bed with mom and dad.

He had tiny paws left they left big impressions on our hearts. We already miss him dearly and hope he has met up with his fur siblings that's passed on, and had a great reunion.
