

Sheena Phelps

February 18, 2026

Sheena was a 14 yr., 5 mo. old Orange Tabby who, sadly, crossed the Rainbow Bridge on February 18, 2026. She entered our lives in 2021 in a very special and significant way, when my long-time friend and next door neighbor became ill. During that time, I cared for Sheena for over a year, and very quickly became attached and fell in love. I took her home to live with us in 2022. She was 11 years old at the time. For nearly 3-1/2 years, Sheena brought so much joy, love and laughter into our home and hearts. She was one of the sweetest, most loving, loveable and good-natured cats ever, and, since only about 20% of Orange Tabbies are female, was even more rare and extraordinary.

We had several nicknames for her Sheen Bean, Sheen Bug, Queen Sheen, Bean Bag. One of her favorite things was spending time on the enclosed patio with us, or, by herself in the evenings, enjoying all of the sights and sounds of nature. She would've stayed out there all night if I would've let her.

She also loved taking afternoon naps with her "dad", playing with her plush colorful mice, jumping on the bed when I was changing the sheets as if it were her playground, eating her tuna treat every morning, snuggling with us, and just being in our presence.

We were blessed to have her in our lives. I just thought I would have more time with her, more moments to share, more pictures to take, more love to give and be given, just more. She will forever be in our hearts.....my Little

Bean.
