Shorty

Mountain Cur

2016—2025

Shorty (aka Shorts, Short-stack, Short-man and wittle bubby/buddy) was welcomed into his new home in September 2017, when he was about a year old. For several years he lived in the country where he ran and roamed all over the hills, and where he loved digging holes and chasing squirrels and deer with his neighborhood friends. He got a little slower as he aged, and we eventually moved to a home with a fenced yard. Once he settled in, he loved patrolling his home and yard. He was just a little guy, but he became the self-appointed neighborhood watch dog, barking at anyone or anything that dared to cross “his” back alley, and keeping tabs on the traffic at the Dollar General across the street. He loved car rides, especially if it led to him getting a treat. He also loved cuddling on the couch between his humans so he could get all the pettings from them both. Even at age 9 he still got the zoomies and loved being chased by his humans so he could run laps around the yard. Shorty loved being outside as often and as long as possible. He loved laying under the tree in the breeze, even in the heat of the summertime. We miss him stretching and greeting us from under that tree when we get home. We miss his wags and the way he would beg for treats or belly rubs. He is missed by all who knew him. He is missed by his kitty brother Gizmo, and he will forever and always

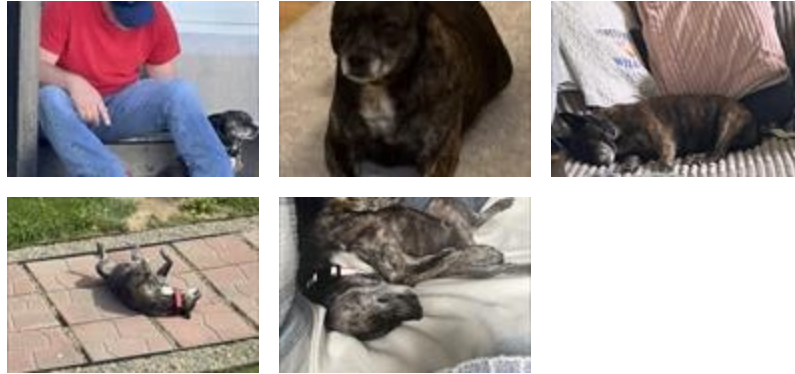

be loved and missed by us. You were such a good boy, full of love and loyalty.
Now that you are healthy again, go run the hills and chase squirrels!
We love you so very much and we will see you when we get there. 

Rest In Peace Shorty
