

Sookie B. Gibbs

December 26, 2024

For nearly 17 years, Sookie B. blessed her home with her sassy spirit and loving presence. From the moment she found her parents, they knew she was their furry soulmate. Sookie cherished every Christmas, the joy of treats, teddy-bearing and the simple pleasures of playing with bows and hair ties. She found comfort in warm blankets, adored “Sookervising” and could always be found snuggling with Mo or Jase. Her feisty personality shone as she cursed birds and her brothers. She liked to show that she was the boss, especially when she sneakily explored restricted sections like the dirty basement. Sookie was incredibly loved and her parents' lives were enriched by her presence every day. They will forever treasure the memories of her companionship and the unconditional love she gave them. Rest peacefully Boo Bear.

Rest In Peace Sookie B. Gibbs
