

## Thor Stacey

August 16, 2025

Thor was a 1 and a 1/2 year old Domestic Shorthair. Thor's favorite toys were round bottles, round containers, and balls. (Anything that can roll). Also really liked wands. His favorite treat was Temptations Blissful Catnip. Some of Thor's favorite things to do were having the zoomies with his best buddy, Asher. Cuddling and gentle biting (kisses), and lastly watching Youtube and TikTok. Two favorite memories of Thor.

Joshua: The day I "found" him. He was a stray that randomly showed up while I was trying to leave for an appointment. He refused to let me leave, constantly trying to get in the car with me. Until I had to have my wife (Sara) come and get him. And that's how we ended up taking him in.

Sara: Thor was a very curious cat who you couldn't do anything without. One of my absolute favorite things was when he would join me while I colored. He would come up on the bed and "attack"/ try to steal all the markers. Once he would calm down, he would snuggle up at my legs and use my marker bag or one of the coloring books as a pillow.

Rest In Peace Thor
